LMS MANAGEMENT: e-LEARNING

The EDUPAC e-Learning Management System is a fully integrated and customizable digital learning platform, including Educator and Learner mobile access capability to learn anywhere, anytime, at their own convenience.

No duplicate data entries are necessary!

The Curriculum Management's Framework seamlessly integrates with the Edupac e-LMS module where content, lessons plans, and electronic assessments are set-up and imported.

On-the-go quizzes, multichoice tests, and Formal assessments can electronically be marked by Teachers in class or remotely.

The e-LMS electronic mark book reverse update automatically into the Edupac Curriculum Management Module for all formal marks as per the set-up of the Curriculum framework.

LTSM MANAGEMENT

EDUPAC

SIMPLIFYING E-EDUCATION

● features

We have supported Educational Libraries for more than 25 years.

With features refined over 20 years and technology that facilitates unsurpassed customisation, Edupac satisfies the unique management requirements of libraries of all sizes and specialisation.

- **Bar Code Technology:** The system can create, print and read barcodes. This enables the effective tracking of all the materials.
- **Multimedia:** The software provides a feature to upload item images in your inventory if it is an e-book, DVD, CD, magazine or LTSM.
- **Printing:** The printing of barcoded User ID cards is a great plus. This automates the history of every member and keeps track of materials issued and returned.
- **Topic search:** Unlimited topics and key words can be assigned to an item.

read! Anytime.
Anywhere.
Anyhow.
